

Lesson Plan  
The Arts | Week 3

## Picture My Interests (Upper Grades)

### Goal

Students will use the WordFoto App and make a self-portrait. Then use words that represent their abilities, interests and/or personality.

### Materials

- iPad or cell phone
- WordFoto app
- Printer

### Activities

Using an iPad or cell phone and the WordFoto app (cost of app is currently \$1.99), students will take pictures of themselves. After they are satisfied with their self-portrait, they will make a word set with words that describe themselves. Words should be indicative of their abilities, strengths and/or personality.

When completed, the self-portrait should be printed and displayed in the classroom.

If WordFoto app is not used, students could trace their profile onto a piece of poster board and then write in words to describe themselves, similar to what the app would create.
